YMCA AND TUHEY POOL

The new YMCA opened March 10, and several McKinley families are already enjoying the great pool, workout spaces, and included classes. Your membership also gives you access to **Tuhey Pool** this summer! Watch Facebook for updates on daily hours.

A small amount of membership assistance is available—reach out soon if you're interested.

COLUMBUS STREET PROJECT

Construction is officially underway in McKinley! Many of us have already encountered closed roads and active construction crews around the neighborhood. According to current estimates, the project will continue through November. Please plan ahead and allow extra time when traveling in and out of the area this summer. We appreciate your patience as these improvements are made!

NEIGHBORHOOD CLEANUPS

In May we held two events for cleanup! Muncie Central Students joined us on May 2nd to clean up the retention pond and greenspace areas as part of their annual Civics Day. On May 10th the Minnetrista Neighborhood partnered with us for the Spring MSD Clean Up Event. We are so appreciative of our neighboring communities helping us with these efforts.

NEW CONSIGNMENT SHOP: EDGAR AND EVIE'S ON ELM

Edgar & Evie's on Elm is a quaint white house on the corner of Elm and Race, named after the couple who lived in this home for years. It that has been revitalized to showcase unique vintage finds that resonate with the heart. There are several vendors in this organically evolving shop featuring unusual handpicked home decor, vintage apparel and miscellaneous items. Look for pop up openings on Edgar & Evie's Facebook page for your shopping delight.

JULY 23RD MEETING!

For our July meeting at 7Rock we will have a little something special: treats! Join us for some snacks, meet the McKinley Neighborhood board members, and lets take a moment to enjoy the summer and get to know each other.

SUMMER EVENTS

There are so many exciting things happening in Muncie this summer! Destination Muncie has put together a fantastic calendar full of events—many of them free or low-cost. You can check it out here:
